## **PRINCIPAL NEWS**

Dear Families,

It is wonderful to be back at Tarooma Primary School for another exciting term of learning!

Thank you to the many wonderful parents, children and community volunteers who came along on Saturday morning to assist Emma Abbott, Nicky Adams, Megan Tubb and Mel Vincent from the TPS Grounds Committee with the Play West working bee. There was a wonderful atmosphere amongst the group as we all worked hard to plant trees, shrubs and ground covers and clear debris from the area. The children were extraordinary in their work ethic and thoroughly enjoyed digging holes, planting out the seedlings that were generously donated to the school by Forestry Tasmania, and of course watering the area at the end of the morning.

We acknowledge and appreciate the efforts of the Tarooma Environment Network (TEN) group and thank them for providing tools and manpower to make the morning a success, as well as generously removing the green waste from the site at the end of the event.

I am now looking forward to meeting with project officers from the Department of Education's Sustainability Centre to discuss ideas and begin planning for the next phase which is the planting of indigenous species in the garden beds located between the big slide and the 5-6 classrooms.

## Loose Parts Play

Our Prep to Year 2 students have been extremely creative and highly engaged in the new play opportunities available to them with loose parts play during our lunch and recess breaks. We have particularly enjoyed watching the children construct beautiful builds in the tepee; they are quite elaborate and take some time to dismantle at the of the day! The collaboration, problem solving and of course the imaginative play has been wonderful to see and we look further to new and exciting loose parts being added to the collection.

Please contact Emma Nuttall ([emma.nuttall@education.tas.gov.au](mailto:emma.nuttall@education.tas.gov.au)) if you have items to donate.

## Education Act 2016 & TPS Policy Updates

Fact Sheets are available for each of these areas. Please click on the images below to access.

**Science - Red Cabbage Experiment**

Our focus in Science last term was colour. We tested a number of different solutions to see their PH level. By adding our indicator (red cabbage liquid) we could see if a solution was acidic or alkaline (basic). We really enjoyed this experiment.

## **Rainbow colours**

Our other Science experiment was seeing what would happen if we spun the 7 colours of the rainbow. Once we discovered they (mostly) blended into white, we did a second experiment to improve our designs. Some spinners were square!

## **First Aid**

During Term 3 we have begun learning basic first aid. Our first lesson this term has been learning how to put an unconscious person into the recovery position.

## **Digital Literacy**

As part of our Digital Literacy work, children learnt about pixilation and pixels by reproducing an image of the Eiffel Tower. Each student was given a piece of paper to coincide with a part of the picture, reproducing it only in dots. An interesting effect! We also learnt about Binary Numbers. By using the Binary system we made our names using paper for 1 and 0 for zero.

## **Young Archies Portraits**

We have a wonderfully wide selection of artwork, from an ultrasound portrait, to friends, family, aunts, and self portraits. Congratulations to Anja and Jasmine for having your portraits selected for the finals.

### JUMPERS

Winter is here! We have 3 choices of jumpers to go over the polo tops.

	<p>We have a light windcheater. This is especially popular with the younger children, but due to popular demand we have also re-introduced limited stock of the larger sizes. The remaining stock with the white logo is going out at a <b>crazy \$20</b>. Windcheaters with the new red, white and blue logo range from <b>\$28-\$30</b>, depending on the size.</p>
	<p>This is the popular zip up polar fleece jumper. Prices range from <b>\$45 - \$50</b> depending on the size.</p>
	<p>This is the ultimate winter weight garment, definitely our warmest jumper available. Made in Tasmania from 80% wool, these are superior to earlier cotton versions of this style. Whilst initially more expensive, they keep their appearance longer than the other styles. Prices range from <b>\$60 - \$75</b> depending on the size.</p>
