9 April 2020

Dear Families

Update 9 April 2020

We do hope that you are all finding many moments of joy during these first few days of the holidays and are looking forward to the Easter Break with your family.

Our dedicated TPS team have been working extremely hard over these past few weeks to develop our TPS Learning at Home resources. Today we are excited to provide all families with a detailed outline of what teaching and learning will look like from the start of Term 2. Please click on the link to access the [TPS Learning at Home Parent Handbook](#).

The **TPS Learning at Home Parent Handbook** contains a full overview of how we will be working in partnership with our families. Connectedness, safety and wellbeing are at the heart of our approach.

Learning packs of hard copy resources and materials to assist learning at home are being developed for all K-4 students. These will be available for collection from the netball court area on **Monday 27 April, between 1-3pm**. Resources and information for students with Individual Learning Plans will be provided electronically via email and/or in hard copy via class teachers. Please contact your child's teacher for further information.

A number of families have requested access to a student device through our school loan system. Devices will be available for collection from the office on **Monday 27 April, between 9-11am**. Please contact the office for further details.

Please note that Lady Gowrie will provide care for those families who require this service on the student free day, Monday 27 April. Please contact Lady Gowrie for further information.

I will continue to keep in touch with all families via our fortnightly newsletter and the school Facebook page throughout Term 2. Any urgent updates in relation to COVID19 will be emailed out to parents and uploaded to the home page of the TPS Website:
<https://www.taroomaprimery.education.tas.edu.au/>

We understand the range of challenges, as well as the opportunities, learning at home will bring to our families and staff. Please be assured that student, staff and family wellbeing will continue to be our prime focus throughout these uncertain times. Have a safe and happy Easter with your loved ones and I look forward to connecting with all families in the near future.

Yours sincerely,

Danielle Bresnehan
PRINCIPAL
